REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 1-9, 22, 26-29, 31-34, 36-39, 41 are allowed because none of the prior art alone or in combination teaches or suggests the particular subset of the process steps in implanting ions into the second layer of material to modify a structure of the material of the second layer, after depositing the first layer and the second layer of material, patterning the second layer of material and the first layer to form the semiconductor device feature in the first layer, and removing the patterned second layer of material, whereby a selectivity in removing the patterned second layer is increased by the implanting of the ions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
